

INDORSED LYNCH

Hopkins County Republican Convention Unanimous and Enthusiastic.

SOME GOOD SPEECHES MADE.

Report on Resolutions — C. J. Waddill Will Make Number of Speeches in Campaign.

Pursuant to call the Republicans of Hopkins county met in convention at Madisonville, Saturday, September 8, 1900, at 1:30 p. m., in the Courthouse, for the purpose of sending delegates to the district convention at Henderson, Tuesday, September 11, to nominate a candidate for Congress.

The convention was called to order by County Chairman John B. Harvey. The name of Will P. Scott was placed in nomination for temporary chairman by R. J. Salmon, which nomination was seconded by L. F. McLaughlin. C. J. Waddill then moved to make the nomination unanimous, which was done with a whoop. R. J. Salmon, J. H. Lunsford and Dr. T. W. Gardiner were appointed a committee and escorted Mr. Scott to the chair. Paul M. Moore was then nominated for secretary by Thomas E. Finley and elected without opposition. The temporary organization was then, upon motion, made permanent.

The attendance at the convention from every quarter of the county filled the Courthouse to overflowing, and the enthusiasm and unity of that great crowd of Republicans gave the advocates of Goebelism a surprised feeling of weakness, and to the Honest Election Democrats the positive assurance of the hearty and unanimous support of William Lynch by the Hopkins County Republicans.

Mr. Scott, upon taking the chair, made a brief but happy speech, in which he expressed his hearty appreciation at having been made unanimously the chairman of so large a convention of Republicans.

The chair then appointed the following committee on resolutions: Wyatt Edmonds, J. H. Lunsford, William Beard, L. R. Fox, Tony Bradley, W. H. Ross, R. J. Salmon, and the committee retired to prepare its report.

While the committee was out speeches were heard from Rev. O. Durrutt, of Dawson Springs; L. F. McLaughlin, of the Hanson country, and C. J. Waddill. Rev. Durrutt made a rousing speech in which he punctured some vulnerable points of Goebelism, and said some things not calculated to reassure the supporters of Mr. Beckham. He assured his hearers that the colored men were brave enough to vote for an Honest Election Democrat; that they would vote anywhere and work anywhere to defeat Goebelism and secure the election of Yerkes.

Mr. McLaughlin spoke chiefly along the lines of national politics. Mr. Waddill said he would make no speech, but what he said briefly, impressed his hearers as being an excellent speech in itself. Among his first utterances were: "I do not see how any patriotic lover of his country, in the closing year of the Nineteenth Century, can fail to cast his vote for that peerless statesman, William McKinley." "I really cannot conceive of any issue with which the Democratic party can

this year fool the people." He said further "that he might not have heard the best speeches that had been made from a Kentucky Democratic standpoint this year; that he had only heard 'Oily Jeems.'" He said that Ollie was not named for Jesse James; that his initials were O. M.; that he had it upon best authority that O. M. stood for Oily Mulhattan James. And he said that Oily Mulhattan Jeems, in his speech, "gave the devil-fish the devil and electrocuted the octopus." Mr. Waddill pledged himself to make all the speeches his friends desired him to make during the coming campaign.

The committee on resolutions reported through its chairman, R. J. Salmon, the following:

We, the Republicans of Hopkins county, in convention assembled, reaffirm our allegiance to the U. S. P., and its principles, as enunciated in its platform at the Philadelphia Convention and in our State Convention at Louisville.

We approve of this call for Congressional Convention and indorse the action of our candidates in withdrawing in favor of Mr. Lynch.

We select the following named persons as delegates to the Henderson convention, and instruct them to cast the twenty-five votes of Hopkins for William Lynch, and use all honorable means to secure his nomination: Will P. Scott, L. R. Fox, C. J. Waddill, C. J. Pratt, Perd Lutz, A. M. Barnett, H. F. Porter, J. V. McLaughlin, J. D. Haywood, J. W. Sloan, Lawrence Rodgers, Milton Durham, Thomas Scott, J. H. Lunsford, W. H. Ross, Wyatt Edmonds, Claude Fox, D. C. Morrow, Shaeck Wyatt, J. B. Harvey, John Todd, M. Cain, Paul M. Moore, R. J. Salmon, W. R. Tague.

Signed,

R. J. SALMON, Chm'n.

Upon motion the convention then adjourned.

A full delegation went to the Henderson convention. There is great enthusiasm among Hopkins County Republicans, which is very encouraging to the coming fight for John W. Yerkes and William Lynch, and they went to Henderson to show it. In addition to this the idol of Kentucky Republicans, Hon. John W. Yerkes, spoke at Henderson that day to an enormous crowd, which many Hopkins County Republicans helped to make big and enthusiastic.

A SAD AFFAIR.

Mrs. G. Browning, of Mortons Gap, Died From Over Dose of Morphine.

One of the saddest deaths that ever occurred in this county, was when Mrs. Lizzie Browning, wife of G. Browning, of Mortons Gap, died from an over dose of morphine last Wednesday evening. Mr. Browning, husband of the deceased, was seriously hurt in the mines a few weeks ago. This, with severe bodily suffering, weighed so heavily upon her body and mind that she was almost a complete wreck, and it is thought that she took morphine for the purpose of alleviating her suffering, but, unfortunately, took too large a dose. Mrs. Browning was about 30 years old and was Miss Lizzie Phillips before her marriage to Mr. Browning some six or seven years ago.

She was a woman of a kind disposition, and had many friends amongst her many acquaintances. She leaves a husband and little daughter and other relatives, all of whom have the deepest sympathy of the BEE and its readers. Rev. R. M. Wheat conducted the funeral services at the Earlinton cemetery Friday morning in the presence of a large concourse of sorrowing friends and relatives, after which her remains were laid to rest.

A Card of Thanks.

To the People of Earlinton: I wish to extend my sincere thanks to the good people of this town for the kindness shown me during my late illness. And may I say to the sisters that by me, long will your kindness be remembered, for many were the weary hours that you shortened by your presence. Respectfully, W. G. FRICKSTON.

VERY HANDSOME SITE

Selected for the Masonic Temple and Opera House, on Robinson and Clark Streets.

THE PLANS NOW BEING ADJUSTED.

Plans have been adopted for Earlinton's new Masonic Temple and Opera House, and one of the handsome lots in town selected for its location.

It was originally intended to build on the lot adjoining the Christian Church, on Main street, a part of the ground used as a playground for the Public School, but the stockholders have now agreed to erect the building on the northwest corner of Robinson and Clark streets, just across from the Gough corner.

VERY ENCOURAGING.

Expressions of Many Citizens Favoring a Modern School Building.

AS EARLINGTON'S IMPORTANCE DEMANDS.

School Begins Next Monday—New Seats Ordered and Windows Put in Assembly Hall.

The Earlinton Public School will open in the Assembly Hall next Monday, September 17. It was intended to begin this week but, in order to make provision for properly lighting the building and providing new desks and tables for the pupils, the trustees and the teachers agreed it was best to postpone school for one week. New desks have been ordered and a number of large tables have already been made. Carpenters are preparing to put eight additional windows in to furnish an

building, and all urge the building and equipping of a house that will be a credit to Earlinton. This is not a hard proposition at all if all will do their part. It can be done quickly and without burden to anybody. With our new opera house and lodge rooms, new depot and a new school building, as the town ought to have, Earlinton will be making progress suitable to its importance as a thrifty industrial center. We believe the people are for it.

From Frankfurt.

Frankfort, Ky., Sept. 10, 1900.—Editor BEE, Earlinton, Ky.:—In obedience to the call of the Governor of Kentucky, we the members of the General Assembly are here for the purpose of making some change or changes in our present election law which has caused more trouble in the state of Kentucky than any other laws ever passed. My position, as stated on the floor of the house, and which I trust meets the approval of those I represent is this: First, I am in favor of an absolute repeal of the Goebel Law, second, I am opposed to state and county election boards with judicial powers but will vote for a fair non-partisan law even if it has boards of commission provided its duties are simply ministerial and simply count the votes and certify to the result and if any party or person should should feel aggrieved they may have the contest tried on its merits in the courts with a right to appeal to Court of Appeals. Third, I am in favor of the county judges appointing the election officers from a list submitted by the democrats and republicans, the sheriff and clerk alternating in the several precincts, thereby making all things equal and the count to be returned to the county clerk and counted by the judge, clerk and sheriff, of the counties in the presence of a representative of each party and in the state. Let the Governor, Secretary of State and Auditor constitute the canvassing board with only clerical powers and should do the counting in the presence of a representative of each party and all contests to go to the courts and so only in case of members of the Legislature as they are judge of their own member and Governor and Lieut. Governor which is prescribed by constitution. These are my sentiments as stated on the floor. We may be enabled to get a fair law, the only difference is the Goebelle always insist upon an umpire and having contests tried before the boards, we are doing all we can however.

St. Charles Items.

N. P. Rogers is on the sick list. Arrived at the home of Mr. and Mrs. W. J. Faulk on September 10th a baby boy.

Riley Ramer and C. D. Woodruff were in Madisonville on business last Thursday.

Eddie, the infant daughter of Mr. and Mrs. Dennis Wilson, was buried in the Christian cemetery last Friday.

Miss Joenell Galloway returned to the South Kentucky College last Monday.

The ice cream supper at the new hall last Friday night was both pleasant and profitable.

Willie, the infant son of Mr. and Mrs. Millard Yandall, was buried in the Christian cemetery last Saturday.

The family of Dr. T. R. Finley will leave St. Charles for Louisville today.

Elder J. F. Story will preach the funeral services of Mrs. York Crabtree at the Christian church on Saturday, September 30, at 11 a. m.

Messrs. Letcher, Claude Fox and W. R. Leasure will represent the Republican of this place in the Henderson Republican Congressional District Convention.

Several of our voters went to Dawson to hear the Hon. Jno. W. Yerkes speak last Friday. Many others would have gone but learned early in the day that Mr. Yerkes might not speak.

Had a Stroke of Paralysis.

Our good friend, M. B. Long, proprietor of the Bon Ton Bakery, had a paralytic stroke Monday and has been in a bad condition since. He is improving however, and will soon be out again. Mike Long is a splendid fellow and has many friends, of whom are sorry to learn of his misfortune and hope for his speedy restoration to health.

SPLENDID CROWDS.

Hear Hon. John W. Yerkes at All Western Kentucky Towns.

GREAT ENTHUSIASM MANIFESTED.

"He Looks Like a Governor." Talks Like One and the People Promise he Shall be Governor.

In the body of the magnificent audience of farmers, merchants, manufacturers, miners, professional men of all parties, and noble women, all lovers of liberty and righteousness in government, which assembled in the capacious tabernacle at Hopkinsville to hear Hon. Jno. W. Yerkes, one gentleman leaned over and whispered to another a sentiment that was in the minds of that vast audience: "He looks like a governor."

And so he does. He does more than this by far; he speaks like a governor—does not need to read his speech like a school-boy oration that someone else might as well have written, and makes a new speech each day to meet the ever changing charges of the enemy—he thinks and acts like a governor, and is today the living likeness of the next governor of Kentucky by grace of the people at the next November election.

At Marion and at Mayfield Mr. Yerkes was greeted by immense crowds. Even at Dawson, where he went for rest, word was passed around that he was coming and five hundred importunate voters who wanted to hear the truth assembled and he perfectly addressed them to their great delight.

At Henderson Tuesday he addressed some 2,500 people who were Republicans from the Second district and people of Henderson county and city of all parties, with a goodly sprinkling of Brown Democrats. Here he was in splendid voice and made perhaps the strongest speech since his opening speech at Bowling Green, which was furnished in full to the readers of THE BEE last week and which is still in demand.

The secret is out among some of Mr. Yerkes close friends that this year is the first time that his good wife has ever given her consent to his participation in political affairs as a candidate, to which truly his own opposition has in the past been almost as strenuous as her own. But this year the husband was deluged with such a multitude of letters from sincere friends and the influential and recognized leaders in Kentucky politics—the call was so urgent and so unmistakably the call to duty that the wife said "go." And he is in the fight, leading the allied forces of civil liberty and righteousness self government in Kentucky upon whose triumphs all the future hopes of Kentuckians who look for the restoration of the rights of citizenship, which our forefathers have enjoyed.

A Loaded Carriage.

Mr. Dolph Fowler, of near Hanson, came to town one day last week in a one-horse buggy and below is a list of the things to eat that he brought along for sale: fifteen gallons of damsons, two bushels of pears, one-half bushel of peaches, three dozen roasting ears, sixteen heads of cabbage, two bushels of beans, one dozen tomatoes and one bushel Irish potatoes. It seems almost impossible to carry such a load in an ordinary buggy, but it shows what an enterprising farmer can do. Mr. Fowler easily disposed of his load and happily wended his way homeward.

The building will front on Clark street, and will be a credit to the progressive little city of Earlinton. The grade of the lot has been platted by Frank D. Rash, and the plans returned to the architect, in order that he may change the plans to conform to the newly selected site. No objection has been offered to this site, which is more valuable than the one formerly considered, except that it is only one square from the railroad yards, and it is believed that the thick brick walls of the building will exclude the sounds to such an extent that this will not prove a serious drawback. Bids will be called for at an early day and the work will proceed, if the bids are low enough, as soon as bids are considered and contract let.

abundance of light. The reading room will be arranged into recitation rooms, and perhaps and additional room be cut off from the main body of the hall. It has been found that the whole school can be accommodated at Assembly Hall, so that it will not be necessary for the trustees to take advantage of the kind of the people and official members of the Christian and Southern Methodist churches, to use their church buildings if necessary.

That well known public spirit of the people of Earlinton has been manifesting itself in a most commendable way since the destruction of the school building by fire. There is a general feeling in favor of the erection of a modern and commodious school house that will be sufficient for our present and our growing needs. The trustees are daily being approached by citizens all of whom are of one mind on the subject and are gratified to see such general interest in the school question. A number of them have volunteered to subscribe to the fund for the erection of a modern school

LOCOMOTIVE BLASTS.

Dispatcher Sheridan and a crew of men responded to an emergency call last Tuesday when the telegraph wires all went down, and communication was soon restored.

Operator James Cravens has resigned to go west.

L. & N. agent Bramwell was successful in settling two important cases, by compromise this week. Robt. Davenport and Mr. Pinkham both accepted an offer from the company.

Former agent at Hopkinsville, Matt Adams has accepted a position with an insurance company at that place. He is very popular with the people and will therefore make a success.

Nobo Happenings.

Tobacco all in, and if we could have a good rain, a big crop of wheat and grass could be sowed.

There seems to be a kind of epidemic in barn burning in this locality. First, B. L. Porter lost a part of his crop by fire; Norman Hobgood lost his entire crop; R. P. Hill lost his entire crop; then Burt McLaughlin had his barn burned. He saved a part of the crop, but his loss was about \$5,000. A negro living two or three miles of Nobo also lost his crop by fire, thus making it all between twenty and thirty thousand pounds destroyed by fire within five days, in less than two miles of Nobo.

Business is reviving in Nobo. Everything is stirring. Coal and lumber wagons run day and night.

The contract to build the new factory was let to McBride, who has been with a crew of men who have been tearing down the old factory. Work will begin on the new factory this week. Every man who wants work can get it at a good price and still some of our local companies of hard times, when there is four times the demand for labor at double price compared to four years ago. There is five times as much money in circulation in this locality as there was ten years ago.

Sickness is still on the increase, but so far no very serious cases are reported.

Miss Martha Durham, who has been quite sick with bilious fever, is better.

What might have been quite a serious accident occurred here Monday morning, when Postmaster Durbin, who is also a blacksmith, while engaged in shoeing a horse, fell and the horse fell on him, hurting both his ankles. He was confined to his room for several days, but is now able to be out.

The order prohibiting newpapers selling books and papers on the Lehigh Valley road was the result of a newlaw on the train attempting to sell the president of the road a book and a bottle of Scotch whisky for \$1.50, finally whispering to the official, whom he did not know, that he might have a lot for 50c. The president ordered an investigation of the use of the stock carried by newpapers and then ordered that they be dispensed with on trains.

Scott's Emulsion. Half a teaspoonful three or four times a day in its bottle will have the desired effect. It seems to have a magical effect upon babies and children. A fifty-cent bottle will prove the truth of our statements.

Should be taken in summer as well as winter.

DOWN IN THE MINES.

A blind man could almost see the object of the articles now appearing in a labor journal and written by persons claiming to be members of the U. M. W., residing at Barnsley and Madisonville. That they are members in good standing is doubted for the reasons that they work not and in this county a person must work. If he should be unfortunate enough to be without ample means to support him in idleness, and these fellows have not been known to labor for many months, their dues and pauper subscription fee must stand unpaid. But be that as it may, you can plainly see by perusing their epistles that they are in dire straits; and to make their plea for help more impressive, they try to encourage the donors in other States by statements that won't bear investigation as to conditions of the mines here in Hopkins county, which for months past has grown from bad to worse, until at last it is about to collapse entirely, and would do so if the writers above referred to were not placed here to whistle to keep up courage. Almost daily their number is decreasing, some returning to work and others leaving the county, and their pitiful plea sent up for financial help shows their lost courage. Money is what they want and what they are writing for, and money or the necessities of life must come or the last few faithful laborers will desert them.

That's the way it is with the miners here. They are in a bad way. Money is what they want and what they are writing for, and money or the necessities of life must come or the last few faithful laborers will desert them.

Miners generally throughout the State show great interest in the candidacy of John W. Yerkes for Governor. They recognize in him an honest man, opposed to the Goebel election law or any law that will abridge the rights of the miner or other laborer. At all points where he stopped in an adjoining county, he was met by a large number of miners who accorded him a hearty welcome.

Secretary George C. Atkinson, of the St. Bernard Coal Company, made a business trip to Hopkinsville last Thursday, and while there heard Yerkes' great speech. George did not answer the speech, so we take it for granted he might be induced to vote for him if the Populist candidate was not in the way.

Secretary I. Bailey, of the Reinecke, was called to Earlington on business one day last week.

The President of the St. Bernard Coal Company, Mr. J. B. Atkinson, is back from the East, and is fully convinced that the political horizon thus bright for the Republicans and sound money.

Wheeler James Fagan says the record for the last four years at No. 9 mine is good, and that during that time outside of days lost for work on machinery, only about five days have been lost.

Foreman Evans says the hottest day of the season to him was last Saturday, when he was forced to surrender and hunt for a cool spot.

At the time of writing, a big strike is developing in the anthracite mines of the East, and Western miners say they will join the strikers' ranks.

Dick Croft, of the South Diamond mine, was reported quite sick last week, but is again able to duty.

The reopening of manufactures and the starting of new ones the past four years was the cause of the great prosperity enjoyed by the people, thus was new coal markets established and the miner joined in reaping the harvest.

Now come along Bryan, who advocates a doctrine or policy which will bring ruin to all, by cutting down the purchasing power of the present dollar to about one-half its value.

The Harvey Coal & Coke Co. has entered suit against the Chesapeake & Ohio Railway Company for \$175,000 damages. The suit is to test the question whether or not the coal companies can secure recompense for the railroad company for failure to furnish cars to all shippers alike; the expense of the suit is borne jointly by several coal operators, each of whom has a similar suit ready to file.

Present indications it appears the coal shipments for August from Newport News will be the largest on record. The total for the month will probably reach 300,000 tons, which at least 25,000 tons for foreign countries.

A St. Johns, N. F., dispatch says a coal famine now threatens the colony of Newfoundland. The establishment of a large smelting center at Sydney absorbs the greater output of the Cape Breton output, and the failure of Reid's mines, leaves the colony without any local product. Sydney coal has advanced 30 per cent, and there is probably not enough to supply the winter's demand.

The first shipment of coal from the Berryville, W. Va., mines was made on the 10th. The mines, when in full operation, will be among the largest in the State. One of the first carloads of coal was shipped to Philippi as a present to Mrs. A. G. Dayton, wife of Congressman Dayton, who was influential in establishing and opening these mines.

If a load of coal is left out of doors, exposed to the weather—say a month—it loses one-third of its heating quality. If a ton of coal is placed on the ground and left there and another ton is placed under a pile, the latter loses about 25 per cent of its heating power, the former about 47 per cent; hence it is a great saving of coal to have it in a dry place, covered over and on all sides.

The cost of the coal the more heating power it loses, because the volatile and valuable constituents undergo a slow combustion.

LYNCH NAMED.

Made Unanimous Choice of Second District Republicans.

SEBREE MADE NOMINATING SPEECH

Will P. Scott, Chairman, and Eugene C. Vance, Secretary of Convention.

Hon. William Lynch, of Hopkins county, the nominee of the Brown Democrats in the Second district, was made the unanimous choice of the Republican district convention at Henderson Tuesday. Mr. Lynch was not at the convention, and the chairman was instructed to appoint a committee of five to notify him by letter of his nomination by the Republicans.

The convention was called to order by N. B. Chambers, district chairman. By recommendation of the district committee, and with the concurrence of the convention, Will P. Scott, of Hopkins, was made chairman of the convention and Eugene Vance, of Hancock, Secretary. The temporary organization was made permanent and a Committee on Resolutions, consisting of E. T. Franks of Davies, E. G. Sebree of Henderson, and W. L. Harding of Union was appointed. Pending the report, Judge Clifton J. Pratt, last year elected Attorney-General of Kentucky, addressed the convention. Judge Pratt will make speeches through the campaign.

The resolutions reported, endorsed the Philadelphia and Louisville platforms, declare that the paramount issue in Kentucky is the securing of a free ballot, the condemnation of the Goebel law; that the Republicans stand ready to accept any fair election law; but adding that the contest for civil liberty cannot be ended while the present state officials are holding on; commending the manly stand of the independent Democrats, recommending that Hon. William Lynch be nominated for congress, and that his name be placed under the log cabin. They were adopted unanimously. Col. E. G. Sebree nominated Mr. Lynch in a strong speech, which emphasized his address recently issued to Republicans of the Second district in withdrawing from the race, and urging all to give their hearty and earnest support to the Brown Democratic nominee.

Mr. Lynch's nomination was seconded by Folk Cansler of Christian, and George Preston of Brown Democrat of Union, who made a ringing and impassioned speech.

Hacking

There is nothing so bad for a cough as coughing. It tears the tender membrane of the throat and lungs, and the wounds thus made attract the germs of consumption. Stop your cough by using the family remedy that has been curing coughs and colds of every kind for over forty years. You can't afford to be without it.

Ayer's Cherry Pectoral

Loosens the grasp of your cough. The congestion of the throat and lungs is removed; all inflammation is subdued; and the cough drops away.

Three sizes: the one dollar size is the cheapest to keep on hand; the 50c size for coughs you have had for some time; the 25c size for an ordinary cold.

"For 15 years I had a very bad cough, and every body else thought I had a true case of consumption. Then I got Ayer's Cherry Pectoral and it only took a bottle and a half for me to get well."—M. M. Miley, Cambridge, N. H.

NOT BEEN EXAGGERATED.

Possibly Five Thousand Persons Drowned, Besides Wounded and Broken.

Chicago, Sept. 11.—The following statement of the situation at Galveston and along the coast was received tonight:

"Dallas, Tex., Sept. 10.—"From the late reports which are considered reliable, the disaster at Galveston and along the coast has not been exaggerated. The waters of the gulf and bay, covering the island to a depth of six to twelve feet. During this sudden flood a most terrible storm was raging. The wind blowing about thirty miles an hour. Many of the dead have been recovered; others are still under the debris; others still are carried out to sea. It is not possible to give at this time a reliable report as to the number of deaths.

"From estimates made by reliable persons who have just come from Galveston it is believed that not less than one thousand and possibly as many as 5,000 were drowned. Of course, the wounded were numerous. The damage to property is most shocking.

"Some of the best public buildings and private establishments were wrecked. Thousands of homes were swept entirely away. It is quite safe to say that as one of the greatest disasters that has ever visited the United States. The loss of property is irreparable; the loss of life is appalling.

MORE CENSUS FIGURES.

Springfield, Ill., and South Bend, Ind., show substantial gains in population.

Washington, Sept. 11.—The census bureau announces that the population of Springfield, Ill., is 34,150, against 34,063 in 1900. This is an increase of 8,687, or 25.5 per cent. The population of South Bend, Ind., is 23,999, against 21,819 in 1900. This is an increase of 14,180, or 64.9 per cent.

CENSUS RETURNS.

Washington, Sept. 11.—The population of the city of Council Bluffs, Ia., according to the official returns of the twelfth census, is as follows: 1900, 23,802; 1900, 21,474. These figures show for the city as a whole an increase in population of 4,228, or 20.15 per cent from 1890 to 1900.

The population of the city of Terre Haute, Ind., is officially announced as follows: 1900, 21,317.

These figures show for the city as a whole, an increase in population of 4,050, or 21.37 per cent from 1890 to 1900.

OCCUPATION OF LYDENBURG.

One of the last stages of the War—The occupation of Lydenburg, Prussia—Assisted the Boers.

Cape Town, Sept. 10.—Sir Redvers Bullen, commander-in-chief, has crossed the Mauch Berg, ten miles east of Lydenburg, and came into action with the Boers.

The occupation of Lydenburg, which took place last Thursday, is regarded as marking one of the last stages of the war. The Boers now talk of trekking into German territory.

Lord Methuen is marching on Lydenburg from Mafeking. It is said that papers seized at Pretoria, and that the Netherlands Railway Co., in many ways actively assisted the Boers.

It converted its workshops into arsenals and provided the Transvaal forces with horsehoes.

FORTUNES MADE IN PEACHES.

Abundant Yield Proves a Veritable Bonanza to the Growers in St. Louis County, Mo.

St. Louis, Sept. 9.—Never before in the history of St. Louis county has the peach crop been larger as it is this year. Judge William F. Plaster, of Creve Coeur, an old-time peach grower, who has handled more than 1,000 bushels of the fruit since 1870, this year, says the yield will be at least 1,000,000 bushels. The price has been extra good, ranging from 75 cents to \$1.25 a bushel.

This means that something more than \$1,000,000 has been paid out in that county in the last 90 days to the peach growers of the county. And the crop is not yet exhausted, but will continue to yield, says Judge Plaster, for at least two weeks longer.

MURDERED MISSIONARIES.

Consul-General Goodnow Cables the Names of a Number of Victims of Chinese Fury.

Washington, Sept. 9.—The state department is in receipt of a cablegram from Consul General Goodnow, at Shanghai, dated September 7, reporting the deaths about July 31, at Fun Chai and Tai Ka of the following missionaries: Rev. and Mrs. C. W. Price and daughter Florence, Rev. and Mrs. E. R. A. Water and child, Rev. and Mrs. D. H. Clapp, Rev. and Mrs. L. Williams, Rev. T. W. Davis, Miss Rowena Bird and Miss Mary L. Partridge.

Killed Men Promoted.

Washington, Sept. 8.—Three enlisted men who have rendered efficient service with their regiments in the Philippines have been appointed second lieutenants in the regiments to which they have been attached. They are First Sergeant James Taylor, Co. E, Twenty-seventh volunteer infantry; Sergeant-Major Victor J. Bergstrom, Thirty-sixth volunteer infantry; and First Sergeant John Potter, Co. A, Thirty-seventh volunteer infantry.

THE CHINESE SITUATION.

The Government Said to Have Inferential Knowledge of the Attitude of All the Powers.

A COMMISSION MAY BE APPOINTED.

The Administration Said to Be Casting About for the Right Man or Men to Represent It in the Negotiations with China—No New Role Has Been Set Out.

Washington, Sept. 8.—It is known that the government has inferential knowledge of the attitude of all the powers regarding the Russian proposal, but it is still awaiting official advice as to some of them. The information concerning those regarding which no official announcement has been received, it is stated, is practically that which is in possession of the general public, and is based on newspaper reports, and the opinions of official organs of the various countries.

An American Commission.

It seems to be regarded as highly probable in official circles that when the time arrives for the actual negotiations looking to a settlement with China, this government will appoint a commission for that purpose, rather than place the negotiations in the hands of a single individual. There have been various suggestions as to who might be appointed upon such a commission, but it is positively stated that as yet no definite selection has been made.

As to Its Numerical Strength.

As to the numerical strength of such a commission, the general impression seems to be that it will consist of more than five members, more likely three, and possibly only two. It can be stated upon the highest authority that it will be upon the commission some American of pre-eminent ability, whose reputation would be an immediate guarantee to the Chinese people that American interests would be safe in his hands, and whose standing before the world would be such as to give him and those associated with him prestige abroad.

Looking for the Right Man.

It is believed that the administration is now casting about for such a man to head the commission when it will be ready to appoint it. The names of ex-President Harrison, ex-Secretary of State Day, and John D. Moore, who was secretary of the Chinese mission at Peking, have been mentioned in this connection.

No New Note Yet.

No information is obtainable regarding the new note, which it has been rumored the government was preparing for transmission to the powers. The only thing definite concerning it is the positive statement that it had not been sent either Thursday night, or up to noon Friday. No representations have been made by this government looking to a return of the Chinese Imperial authorities to Peking.

A Highly Desirable Course.

Such a course on the part of the Chinese authorities, however, would be deemed highly desirable by this government, because it is believed here that a recognition of the reign of powers at the capital of the empire would inevitably hasten and facilitate the peace negotiations.

NEGOTIATIONS IN PROGRESS.

Looking for a Compromise Arrangement with Russia.

Paris, Aug. 8.—Active negotiations are in progress looking to some compromise arrangement with Russia regarding the position she has assumed towards Pekin. The communication exchanged between the powers now have better promise of success. A compromise suggested, it is asserted here, is the withdrawal of the forces of all the powers from Pekin, leaving an international guard to protect the legations, which is further asserted in Paris will be allowed to remain at the Chinese capital pending a peace settlement. The main body of troops, it is also said, will retire to the neighborhood of Tien Tsin, leaving sufficient forces along the road to keep open the route and railroad between Pekin and Tien Tsin.

Russia's attitude is interpreted here as meaning that she will withdraw her troops outside the walls of Peking, but not necessarily a great distance from that city.

WANTS AN AMERICAN ESCORT.

Li Hung Chang Wants Americans to Escort Him to Peking.

London, Sept. 8.—A special dispatch from Shanghai says Li Hung Chang has made a request for an American escort to accompany him on his journey to Peking, that United States Consul Goodnow is considering his request.

Counterfeiter Caught.

Chicago, Sept. 8.—United States secret officers made an important capture of counterfeiters. They found John William Keys and his wife, who had a complete counterfeiting outfit. The metal was still hot, showing that they had been interrupted in their work.

Persons who are afflicted with the disease of consumption should use Dr. Williams' Pink Pills for Pale People. It is the only medicine that cures consumption.

THE SITUATION IMPROVING.

American Fleet and Navy Are Meeting the Galveston Calamity with Courage and Coolness.

Galveston, Tex., Sept. 11. Noon, via Tag to Houston.—The White Cotton Steamer, which was held a prisoner last night and tendered their services, that of 500 able-bodied men to the public committees to clear the streets of debris. Big forces were at work last night, and the situation is much improved so far as the passage of vessels is concerned. The city was patrolled last night by regular soldiers and citizen soldiery. No one was allowed on the street without a pass. Several negroes were shot for not halting when ordered. It is reported that three of the citizen soldiers were shot by negroes.

The steamer Lawrence arrived here early this morning from Houston with water and provisions. A committee of 100 citizens were aboard, among them being doctors, and cooks.

W. K. Van Vleet, general manager of the Southern Pacific, arrived here this morning. He thought it would be possible to establish mail service from Houston to Texas City to-night.

Dead bodies have decomposed so badly it is impossible to send them to the big trenches. They have been reduced so far, however, that it is possible to dig trenches, and bodies are being buried where found. Debris covering bodies is being burned where it can be done safely.

Work on the waterworks is being rushed, and it is hoped to be able to turn on supply on this afternoon.

SLAUGHTER AT TIEN TSIN.

The Worst Seen in a Thirty-Five Year's Experience—No Attempt to Count the Dead.

Monmouth, Sept. 4, via San Francisco, Sept. 10.—Col. Meade, who commanded all the American forces at Tien Tsin, arrived here on September 1. On the transport, en route to San Francisco.

"I have been in the war business for 35 years," said Col. Meade, "and I never saw anything like this. The slaughter on the Chinese at Tien Tsin on the 21st and 22nd of July.

"When we finally entered the walled city, we found the Chinese dead everywhere. They lay all over the streets.

"I saw no special attempt to get the figures of the enemy's loss. The dead were simply buried as quickly as possible, and the Chinese started to work with their pickaxes, and wounded they could look after. There were about two thousand of these."

The battle began at daylight on July 19th, and all day and night, and on the following morning the end came with the blowing up of the Chinese mission at Tien Tsin, through which the allies entered the city.

LATEST FROM LORD ROBERTS.

Creditable Performance of a De-linquent—Infantry 125 strong.

London, Sept. 8.—Lord Roberts reports that the performance of the infantry 125 strong, on the day of Wednesday, September 5, as follows:

"Jan Hamilton traversed Dulstroom River with slight opposition. He engaged the enemy's left this morning. Hamilton is endeavoring to turn the enemy's right."

"The morning attack on one pom pom this morning attacked 185 Caucasian mounted infantry guarding the railway between Pan and Womerdanston. Mahon proceeded to their assistance, but the little garrison had beaten off the enemy before he arrived. It was a very creditable performance. The wounded were Maj. Handers and Lieut. Moodie, slightly, and two men. Six men missing."

The Maine Escapes.

Augusta, Me., Sept. 11.—Hon. J. H. Mauley, chairman of the republican state committee, sent the following dispatch to M. A. Hanna, late last evening:

Republicans, against a determined and united democracy, have carried every county, save one, in the state, electing more than 150 out of 180 members of the legislature which will return United States Senator Wm. F. Frye. We have elected our delegation to congress by majorities ranging from seven to ten thousand. We have carried the state by 31,800 majority out of a total vote of 113,000.

Sold at the Golden West.

San Francisco, Sept. 11.—The feature of yesterday's programme in the semi-centennial celebration of the National Gold and Silver Fair, was a parade of the Native Son Parlor from all parts of the state; veterans of the Mexican, civil and Spanish-American wars; municipal bodies and trade and fraternal organizations. Over thirty thousand men in 36 divisions, formed the marching column, which was reviewed by Gov. George W. Brown, at the Golden Gate.

Five hundred thousand people witnessed the parade.

Death of the Largest Woman.

St. Louis, Sept. 11.—Miss Stump, a negro, who was the biggest and heaviest woman in the west and possibly in the country, died at her home, 309 South Third street, yesterday, of fatty degeneration of the heart. She was 42 years old, more than six feet tall, and weighed 508 pounds.

Well-Known Journalist Dead.

Oakland, Cal., Sept. 11.—Hector A. Chittenden, a journalist of note, and the man who secured for the city the \$50,000 Carnegie free public library, died of a throat ailment, aged 54 years. He served as an editor on many eastern papers.

SYSTEMIC CATARRH.

Thousands Suffer From It and Do Not Know It.

Hon. A. T. Wimberly, Collector of the Port of New Orleans, La., and member of the National Republican Committee, in writing of Peruna, says:

"Dr. Rachel A. Magaw, of West Jefferson Street, Springfield, Ohio: 'Your Peruna is worth its weight in gold. I feel like a new woman. I can't praise it enough. It opened up a great deal of money on doctors, but nothing ever did me any good until I sent to you and tried your Peruna. I now feel well of the catarrh.'"

Dr. Rachel A. Magaw, of West Jefferson Street, Springfield, Ohio, says the following as regards Peruna for catarrh: "I had been troubled with catarrh for a long time, and for the past year, I became so bad a year and a half ago that I took treatment from two different specialists on catarrh. The discharge from my system was really exceedingly dreadful. Finally my stomach became affected, and eight months ago I had to quit work. I lost a weight from 165 pounds to 140. I was completely discouraged. I procured a bottle of Peruna, and had not taken half the bottle, when to my joy and surprise, I began feeling better. My head began to feel better; the discharge began to dry up. I slept on, and have now taken two bottles. I have resumed my work, have a good appetite, and have not felt better in ten years. I am now 80, and I think Peruna for the way I feel today."

I wish that every man who is in need of a good medicine could know of it. I would advise all such to take it now, and am sure it would never be regretted.'"

A. T. Wimberly, "Peruna is an internal remedy—a scientific remedy for catarrh. It cures catarrh wherever located. Its action is rapid. Peruna gives strength by stoppage waste. By saving the mucus it enriches the blood. By cleansing the mucus membranes it preserves the vital force."

WILLIAM LYNCH,
Of Hopkins County.

Who frowned that rock at John S. Rhea? Was it the Republican party of Kentucky or hoodlums of Butler County?

GEK. DAN COLLIER on Monday succeeded Leslie Combs as Pension Agent for Kentucky, and entered upon the duties of his office.

There is more talking out in meeting by independent voters this year in Kentucky than ever before, or at least in this part of Kentucky. And it may be taken as an evidence of a sincere purpose.

It is reported that Mr. Beckham says he wants to be elected "honestly." He certainly has already had sufficient experience holding office dishonestly to surfeit any young man of aristocratic birth.

The difference between Mr. Beckham's reading recently given at Henderson and the masterful speech of Hon. John W. Yerkes delivered there Tuesday, was significant and was remarked on every hand.

The attack in the dark near Morgantown, upon John S. Rhea, with eggs and stones, from all of which Mr. Rhea escaped, had the very extenuating circumstance of following closely after one of Rhea's vilely abusive campaign speeches.

Upon whatever side of politics he may be and advocating never so good and laudable a principle the occasional newspaper correspondent should take care not to let his desire run away with his conservatism. There are evidences of a forget along this line.

SEEBEE withdrew, Scott withdrew, Slack disappeared, and all good Republicans have followed their leaders into the allied army of civil liberty in the Second district and the state. Scott was made chairman, Seebree wrote the resolutions, and made the nominating speech placing Hon. William Lynch under the log cabin for congress in the Second district. Honors have been distributed. Now let the lion and the lamb not lie down together but harness up together and work as never before for the triumph of the principles to which all are pledged and for a victory for Yerkes and for Lynch.

We are now giving our readers every week twelve pages of the best and liveliest matter, political, industrial, local and general that can be commanded by our force of writers and correspondents.

with the facilities at our command. This program THE BEE will continue, giving twelve pages each week throughout the campaign.

Last week we published the opening speech of Hon. John W. Yerkes and this week we publish in full the letter of acceptance of President McKinley. Through-out the campaign we will give our readers the best things and the most important political matters in full, besides covering our local field and Hopkins county.

There is no better time to take your home paper. We will give you value received.

Bordley News.

Success—Worth Knowing

Forty years' success in the South proves Hughes' Tonic a great remedy for Chills and all Malaria Evers. Better than Quinine. Guaranteed. Try it. At druggists. 50c and \$1.00 bottles.

Safe Blown Open.

Burglars have been safe in the Illinois Central passenger depot at Hopkinsville, early Tuesday morning. They took about \$50 in money but left the company's papers undisturbed. They used dynamite in blowing open the safe. The officers are working on the case and think they have a clew that will lead to the apprehension of the guilty party.

Address BLOOD BALM CO., Atlanta, Ga. Write today. Describe trouble and free medical advice given.

Gov. Roosevelt remarks that "the wage-earner is appealed to vote for Mr. Bryan on the ground that though he has prospered, the capitalist has prospered, too, and that no policy which does good to the capitalist should be followed, even though it benefits the wage-worker." It has been Bryan's policy from the first to draw class lines and stir up hatred among those who must work together—Globe-Democrat.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or Bilelessness. Doctors were scarce, and they seldom heard of Appetitless, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stay formation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Great's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by St. Bernard drug store.

Wm. McCarley went to Morgantown from Henderson Tuesday to visit his daughter, Mrs. Wm. Hughes.

LOCAL NEWS.

Mrs. Campbell, of Nebo, is here visiting the family of J. T. Ezell.

Rev. W. H. White, of Madisonville, accompanied Rev. Wheat to Nebo Sunday and occupied the pulpit at the Methodist church in that place.

The new reservoir, which supplies water for fire and other purposes to the people of Earlinton, is complete and in fine condition. It is about three times as large as the old reservoir, and will supply water sufficient for all purposes.

Rev. G. W. Lyon, of Madisonville, came to our town Monday afternoon and administered baptism to Misses Ada Burden and Edna Stodghill and also to the infant son of Mrs. Magie Long. He was accompanied by Dr. W. K. Piner, of Hopkinsville, and Capt. L. D. Hockerman, of Madisonville.

The fire loss on the public school building was paid Friday, upon presentation of proof of loss, by the representative of the North British and Mercantile Insurance Company, without discount. That company reserves in its policy the right to pay after sixty days, but Mr. Bentley, the special agent who settled the claim, made the board of trustees a present of the discount for the benefit of the school fund.

F. V. Zimmer inserts in this issue his professional card and asks the patronage of the patrons of THE BEE, who have legal business to be taken care of. Mr. Zimmer is a graduate at Center College and of the law departments of the Michigan University, taking second honors in his class in the latter institution. He has been located for some time at Madisonville, where he may be found, and has made many friends.

Shall Items.

The farmers are busy cutting corn. Mrs. Frank Wyatt spent one day last week with Mrs. John Sharp.

Protracted Meeting.

A protracted meeting began at the Methodist Church in Madisonville last Sunday. Rev. G. W. Lyon, the pastor, is being ably assisted by Dr. W. K. Piner, of Hopkinsville, and Rev. P. H. Davis, of Corydon. Large crowds are in attendance and the meetings are growing in interest.

His Life Was Saved

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die. Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it until I was well and strong. I can't say too much in its praise. This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung trouble. Regular size 50 cents and 11c. Trial bottles free at St. Bernard Druggists; every bottle guaranteed.

Sensational Developments.

Owensboro, Ky., Sept. 8.—Bank Examiner Fraser has completed the examination of the National Deposit Bank's books and made a full report to the officers of the bank and sent final report to the department at Washington. Mr. Fraser refused to say anything except that legal steps are to be taken immediately. The bank officials seem to be positive they know the guilty party. They say the false and fraudulent entries are in the handwriting of H. J. Nannheim, the former assistant cashier of the Owensboro National Bank. Mr. Nannheim denies any knowledge of the transaction, and says he is ready for anything that may come. If arrested he says he will give out a sensational story. Nannheim stands high in the community and his friends have offered to assist him in any way. A big sensation is expected.

No Right to Uginess.

The woman who is lovely in face, form and temper will always have friends, but one who is attractive must keep her health. If she is sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electro-Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at St. Bernard Druggists.

Barns Burned.

Several farmers in this county have suffered the misfortune of having their tobacco barns with their crops of tobacco burned. They all have our sympathy, for after working hard to make a good crop, it is hard to have to lose it all.

A Powder Mill Explosion

Removes everything in sight; so do drastic mineral pills; but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or other pills, when Dr. King's New Discovery Pills, which are gentle as summer breezes, do the work perfectly. Cures Headache, Constipation. Only 50c at St. Bernard Druggists.

Miss Mary Bash, of Cadiz, visited the family of J. K. Bash, several days last week.

How Bright's Disease Starts.

Indigestion, biliousness, blood poisoned with urea and uric acid (which should have been excreted by the kidneys), rheumatic pains in nerves and joints, causing irritation of the kidneys, then pains over the small of the back, mark early approach of Bright's disease. Do not delay taking Foley's Kidney Cure, for it makes the kidneys right. Take no substitute. Campbell & Co.

Miss Effie Stokes is visiting her sister at Crofton.

A Warning.

Pain or soreness in the back must never be neglected. Kidney diseases creep on with only one warning. Delay is folly when by timely use of Morley's Liver and Kidney Cordial, the great sybaritic remedy, all danger can be avoided. This remedy is a positive cure for Kidney and Urinary Troubles.

Mr. Mulhouser, the representative of the Armour Packing Company, was in our town Tuesday.

Ulcers, open or obstinate sores, scalds and piles, quickly cured by Banner Salve, the most healing medicine in the world. Campbell & Co.

Fatally Hurt.

Hopkinsville, Ky., Sept. 8.—Thos. L. Graham a prominent and wealthy farmer of Caskey, was fatally hurt last evening while housing tobacco. Hands are very hard to get, and Mr. Graham was up in the barn helping to house the tobacco when he fell, when he fell 50 feet. He received spinal injuries that are necessarily mortal. Mr. Graham is about 50 years old and ranks among the best citizens of the county. Later—Mr. Graham died Sunday night.

Doctors' Say;

Bilious and Intermittent Fevers which prevail in miasmatic districts are invariably accompanied by derangements of the Stomach Liver and Bowels.

A STORM'S DEADLY RAIL.

Southern Border of Texas Swept by a Torrential Storm, in Which Thousands Perished.

GALVESTON THE PRINCIPAL SUFFERER.

Much of the City Swept Away or in Ruins—The City Completely Isolated—All the Other Coast Towns Suffered—Miss Van Rensselaer—A Complete Story.

Houston, Tex., Sept. 9.—James C. Timmins, general superintendent of the National Commerce Co., has just arrived from Galveston, after a perilous trip. He reports that more than one thousand persons have been drowned, killed or missing, and that 4,000 houses have been destroyed. He says the magnitude of the disaster remains to be told.

Three Thousand Lives Lost.

New York, Sept. 9.—The World to-day prints the following:

"Austin, Tex., Sept. 9. 'Information has just reached me that about three thousand lives have been lost at Galveston, with enormous destruction of property. 'No information from other points (Signed) 'JOSEPH E. BAYERS, 'Governor.'"

THE HORROR GROWS.

Loss of Life Estimated by Thousands

Dallas, Tex., Sept. 9.—The following telegram has just been received from Houston, by the News:

Relief train just returned. They could not get closer than six miles of Virginia Point, where the prairie was covered with lumber, debris, planks, trunks and dead bodies. One hundred corpses were counted from the train.

A large steamer is stranded two miles from Virginia Point, as though thrown up by a tidal wave.

Nothing can be seen of Galveston. Two men were picked up on the sea floating across the mainland and they say they estimate the loss of life up to the time they left at 2,000.

The above message is addressed to Superintendent Felton, Dallas, and comes from Mr. Vaughn, manager of the Western Union Telegraph office at Houston.

PRACTICALLY DEMOLISHED.

The Town of Alvin Destroyed and Seven Persons Killed.

Houston, Tex., Sept. 9.—Major reports are arriving here from the country between Houston and Galveston along the line of the Seaboard railroad. The tornado was the most destructive in the history of the state.

The town of Alvin is reported to be practically demolished. Hitchcock has suffered severely from the storm, while the little town of Alta Loma is reported without a house standing, and the town of Hart has lost one-half of its buildings.

L. B. Carlton, the president of the business league at Alvin, a prominent merchant there, reports that a building is left standing in the town, either residence or business; stocks of goods and house furniture are ruined and crops are a total loss.

Alvin is a town of about two hundred inhabitants. Seven persons were killed in and near the town.

The Penalty of Overstudy.

Pana, Ill., Sept. 9.—Samuel A. Casey, Jr., son of S. A. Casey, a prominent merchant, has been adjudged insane and sent to the State Hospital at Joliet. Young Casey is 17 years old, and May 30, was the gold medal in the Eastern Illinois Normal school contest at Charleston. His mental trouble is the result of overstudy.

Commented by Gen. Chaffee.

Washington, Sept. 9.—Major Gen. Chaffee has received word that Col. Carson S. Daggett, Fourth Infantry, is promoted to brigadier general for gallantry at Yang Tsin, on August 6, and good judgment in the attack on Pekin Aug. 14 and 15. Col. Daggett has but nine months more to serve before reaching retiring age.

Ovation to Gen. Baden-Powell.

Cape Town, Sept. 8.—Gen. Baden-Powell has arrived here. In spite of the early hour of his arrival a great public ovation was given in his honor. The crowd carried him on their shoulders from the railway station to the government house, a distance of half a mile.

Cleveland Declines.

Washington, Sept. 9.—President Cleveland has declined the president's appointment as a member of the international board of arbitration under the Hague treaty. President Harrison has accepted the appointment.

The Kansas City Firemen Abroad.

London, Sept. 8.—Seven visiting members of the Kansas City fire brigade are entertaining crowds at the Crystal Palace. The smartness of the American firemen has caused much interest and praise from the London newspapers.

Rich Strikes in the Tennessee Country.

THE SOUTH AFRICAN WAR.

A Marked Revival of Interest Manifested in England Over the Outcome.

LORD ROBERTS' PRESENT ACTIVITY.

Movements Under Way that are Evidently Designed to Bring the Campaign to an End in the Eastern Transvaal—Tactics Toward Komatipoort.

New York, Sept. 12.—A dispatch to the Tribune from London says: There is a marked revival of public interest in the war in South Africa, owing to the fact that the British general Lord Roberts is conducting operations, but mainly to the political effects in connection with the approaching election.

Lord Roberts' Objective Point.

Lord Roberts' new objective point, is clear. Komatipoort, and Gen. French's cavalry division, with Gen. Buller's infantry, has been sent in motion toward it, with Harbord and Selous at half-way stations from Belfast. French has started from Carolina, so as to reach Harbord by the end of the week, while Generals Hutton and Henry are working eastward over the hills near the railway, along which Poole-Carew is advancing.

Nothing All Along the Line.

There was fighting all along the line Sunday, and the Boers were driven back. Simultaneously Sir Redvers Buller, leaving Hamilton behind him at Lydenburg, had been forcing the Boers back, and on the summit of a mountain, where a turning movement was impracticable.

The road from Lydenburg makes a loop northward to Krugerspost, and thence runs easterly to Pilgrims' Rest, where it connects with the main road to Spitzkop toward the railway at Selous.

Made a Gallant Frontal Attack.

Lord Roberts did not follow this road, but made a frontal assault on a position of great natural strength, three battalions carrying it with gallantry. It seems probable that he has turned the Boer position at Pilgrims' Rest and Krugerspost, and cut off communication with the rest of the enemy's camp to Selous.

Gen. French's Task.

It is evident that, while Sir Roberts is hammering away at Botha's stronghold around Lydenburg, French is expected to drive the remaining Boer forces out of Harbord and to clear the railway to the Portuguese frontier.

Lord Roberts' Chances Tactics.

Other districts have been emptied of British forces in order that these final movements in the eastern Transvaal may be conducted.

Lord Roberts has adapted his tactics to the requirements of guerrilla warfare, and at the same time has secured the command of Botha's forces and is pushing on with all dispatch to Komatipoort, where the open door into neutral territory may be closed.

Most Disastrous on Record.

Washington, Sept. 11.—The Willis Moore, chief of the weather bureau, said yesterday that the West Indies storm which developed into a hurricane after crossing the United States and did such appalling damage in Texas, was central in Oklahoma yesterday, and was rapidly losing its destructive character, the wind at Oklahoma City being reported as blowing at 80 miles an hour. It possibly will pass its history as one of the most disastrous and peculiar storms on record.

Port Townsend, Wash., Sept. 11.—The steamer Gillie, of Tacoma, arrived from Cape Nome last night, bringing 200 passengers, many of whom are without means. The Thompson sailed from Cape Nome August 28, and her officers reported about 15,000 people there at their most destitute.

The South African War.

Pretoria, Sept. 11.—All signs point to the speedy termination of the war in South Africa. The Boers are becoming disheartened, and while some of the commandoes remain organized, they are devoid of artillery or transportation. Some of them are talking of trekking into German territory.

Death of Capt. Stiles.

Oklahoma City, Okla., Sept. 11.—Capt. Daniel P. Stiles, U. S. A., retired, died yesterday of inflammation of the bowels. He was a grand army veteran, and was prominently connected with the capture of Oklahoma, being stationed here at the time.

American Sealers' Claims.

Washington, Sept. 11.—United States Minister Pierce, at St. Petersburg, yesterday signed a protocol arranging for the arbitration of the claims of American sealers for the seizure of their vessels by the Russian government about two years ago.

The Government Sends Supplies.

Washington, Sept. 12.—Acting Secretary McKeljohn, yesterday, authorized the chartering of a special train from St. Louis to carry quarters, tents and commissary supplies to the relief of the destitute at Galveston.

ILLINOIS CENTRAL RAILROAD.

Of Interest to Stockholders—Free Transportation to Attend the Annual Meeting at Chicago.

The Board of Directors of the Illinois Central Railroad Company, at a meeting held July 18, 1900, adopted the following preamble and resolution:

Upon the recommendation of the President, the resolution adopted July 21, 1897, authorizing the free transportation of stockholders over the Company's lines to Chicago and return, at the time of the annual meeting of stockholders, was reconsidered and amended so as to read as follows:

Resolved, That, until the further order of this Board, there may be issued, to each holder of one or more shares of the capital stock of the Illinois Central Railroad Company, as registered on the books of the company, a ticket enabling him, or her, to travel from over the company's lines from the station on the Illinois Central Railroad nearest to his or her registered address, to Chicago and return for the purpose of attending, in person, the meetings of stockholders. Such ticket to be good for the journey to Chicago only during the four days immediately preceding, and the day of the meeting, and for the return journey from Chicago on the day of the meeting, and the four days immediately following, when properly counter-signed and stamped for business purposes—that is to say, between 9:00 a. m. and 5:00 p. m.—in the office of the Assistant Secretary, Mr. W. G. Bruen, in Chicago. Such tickets may be obtained by any registered holder of stock on application, in writing to the President of the Company in Chicago. Each application must contain full name and address of the stockholder exactly as given in his or her certificate of stock, together with the number and date of such certificate. No more than one person will be carried free in respect to the holding of stock as registered on the book of the Company.

By order of the Board of Directors, A. G. HACKSTAFF, Secretary.

The next annual meeting of the stockholders of the Illinois Central Railroad Company will be held at the office of the Company, in Chicago, on Wednesday, September 25, 1901, at noon. For the purpose of this meeting, the Stock Transfer Books will be closed from the close of business on September 11 to the morning of September 21.

BRYANITES GET UP STRIKE.

Anthracite Trouble Fostered for Political Ends.

Miners' Agitation Manipulated by a Junta at Indianapolis.

Democratic Yellow Journals Send Special Commissioner to the Scene to Try to Soothe the Shock of Ex-powers.

Special Correspondence of Globe-Democrat.

New York, Sept. 9.—The conditions which hedge about the pending strike of coal miners in the anthracite regions of Pennsylvania have assumed such shape within the last few days as to leave, practically no doubt that the whole agitation has resulted, if not directly, at least indirectly, from the efforts of the Bryanized Democracy. This feeling has been strong ever since the movement had its inception at Indianapolis, in which city the Democratic leaders have been at work ever since the spectacular Bryan and Stevenson notification exercise.

Then, too, the Democrats are straining every nerve to throw Indiana into the Democratic column, and the relation of the Pennsylvania trouble to the mining interests of the former State is hoped by the Democrats to bring about results in their favor. In view of these facts, the dispatch from Allentown, Pa., published this morning, exposing the scheme, came as a surprise to only those who had not made a study of the situation. To none, however, did it come with such astonishing effect as to the miners themselves, who had not realized that their interests were being juggled with by the crowd at Indianapolis.

Simultaneously with the publication of the Allentown dispatch, the miners read of the postponement of the strike. The men heard of this move of the Indianapolis junta with the greatest satisfaction. Throughout the entire region this action is regarded as prefiguring the collapse of the entire strike movement. After the first flush of excitement and surprise over the news had died away the public suddenly became interested in the question as to what had brought about this sudden change of front.

The more the question has been considered the stronger has grown the impression that politics of the Fry brand has been at the bottom of the agitation. From Hazelton it is announced that there is already a revulsion of feeling and that the plot will act as the worst kind of a boom for those at the bottom of it. The question is being asked: "What kind of a party is it which will plunge a large part of a State into the misery attendant on a protracted strike, for the problematical governing of voters?"

Yellow Democratic journals have been helping along the scheme, but the sudden exposure

of the plot has evidently frightened the Democratic politicians, for the newspapers in question have precipitated on the mining regions reporters whom they give the high-sounding titles of "special commissioners" and these are expected to nullify, as far as possible, the disastrous effects which threaten to follow the collapse of the conspiracy, by sending to their papers accounts of the situation "letting down easy" the Democratic plotters.

The most ridiculous, incendiary and almost criminal feature of the trouble is the part the yellow journals have taken. Their misleading illustrations and false news matter did more to prejudice the outside public against the people and coal operators of the mining region than anything else. A prominent and authentic authority in Wilkes-Barre region said today:

"The idea of the strike certainly originated in Indianapolis among the soft coal people. Whether they are pushed ahead by Democratic politicians or by self-interest in the hope of first destroying and then appropriating the anthracite market it is impossible to determine just yet, but the fact is evident that all orders received by local leaders come over the wires from that city which is the Mecca of all the agitators working here, who journey there about once a week."

Meanwhile the colliery whistles will blow as usual on Monday morning, and thousands of men will again take up their toil, glad to be able to do so.

A SAD OCCURRENCE.

Miss Cora Waller of Morgantown, Dies in a Doctor's Chair at Sturgis.

SOME THREATS OF A LYNCHING.

Her Grief Stricken Lover Sends a Bullet Through His Own Brain.

DR. CLARK MAKES A STATEMENT.

All West Kentucky was shocked by the news of the terrible tragedy, which occurred in Sturgis Sunday night in which a doctor and two lovers were the principals. The following is a description of the affair as contained in a special from Morgantown in one of the dailies:

"Morgantown, Ky., Sept. 8.—This city was thrown into a fever of excitement at 9 o'clock tonight by the news of a tragedy which occurred at Sturgis, 12 miles below here, at 8 o'clock tonight. As a result of the tragedy two prominent young people of this county lie dead at their respective homes and a cloud of sadness hovers over the entire county where the news of this deplorable happening has penetrated. The particulars, as near as can be obtained, are as follows:

"Sometime this afternoon Thomas Holt, a young man reared in this county and well connected, went to the home of Miss Cora Waller ostensibly to take her out for a drive. The couple drove immediately to Sturgis. On reaching that place they prepared to the office of Dr. B. E. Clark, a physician of that place. In a short while after the couple entered the office two pistol shots fired in quick succession started the inhabitants of the little village. A crowd of excited citizens rushed to

NERVOUSNESS,

is the grand specific for this great American disease, because it goes straight to the source of the weakness, building up health and strength by supplying rich, abundant food and pure blood to the worn-out tissues, rousing the liver to activity and regulating all the organs of the body.

the office, where a horrible sight met their gaze. Lying upon the floor was Miss Waller, dead, while across her still form lay the body of Thomas Holt, gasping for breath, with a bullet through his heart and brain. It is said that Holt stood by while the physician began a delicate and dangerous operation upon the young woman, and that while undergoing the operation she expired. As soon as the physician pronounced her dead young Holt drew a revolver and, placing it to his left breast, sent a bullet crashing through his heart, following it with a bullet through his brain. Holt fell across the body of Miss Waller.

Clark, the physician, and only eye witness to the terrible tragedy, was immediately arrested and hurried to the jail here.

"The families of the two unfortunate young people were notified and the remains taken to their respective homes."

"The dead girl was a member of one of the largest and most influential families of this county, as was also Thomas Holt."

"The true status of the case is unknown here, but the general belief is that Clark attempted to perform a criminal operation upon the young woman, which caused her death."

Morgantown, Ky., Sept. 11.—Before Dr. W. E. Clark, arrested in connection with the Waller-Holt tragedy at Sturgis, was taken from here to Henderson yesterday evening, he granted an interview to the Evening Post correspondent.

When asked for a statement Dr. Clark gave it at some length, without hesitating and with seeming frankness. He said:

"Sunday evening at about 8 o'clock as I sat in front of my residence in Sturgis, a buggy drove up, and a young man, a stranger to me, said he wished to see me at my office. My office is in my drugstore. I went to my office, entered and lit a lantern. Presently a man entered with a veiled lady bearing heavily on his arm. The man said he wished to see me privately, and I took him around behind the prescription case leaving the lady standing in the front part of the store. The prescription case stands in the middle of the floor, and has curtains from either side to the adjacent walls."

"We had scarcely entered this inner recess, and before the man had time to tell me anything as to what he wanted, when I heard a rattling sound and a fall in the front of the store. I pushed back the curtain and saw the lady lying on the floor. I said to the man, 'The lady has fainted,' and went to her. I tried to resuscitate her by artificial respiration, putting one palm against her back and one against her bosom, and told the man to wet his handkerchief in a bucket of water standing by and bathe her face, which he did. I then requested him to do nothing, doing while I went for another doctor, telling him at the same time that I feared she had a heart stroke."

"I then left, stepped across the street to a restaurant, and telephoned for Dr. Barclay. He was not in and I returned to the office. As I entered I thought I noticed Mr. High Skinner present, but paid no attention to the fact at the time. I got the man to help me place the lady on my surgical chair, and laid my ear to her heart. I could distinctly hear the gurgle of regurgitated blood back through the valves of the heart, and I said to the man, 'This lady is dead; I can do nothing for her. The man threw up his hands and cried, 'My God, then I'm ruined; I'm ruined forever!' and asked me to see if I could telephone for Will and Bob Holt, who lived a few miles out in the country, and tell them to come to him immediately."

"I stepped over home, told my wife about what had happened, and tried to get the Holt boys by telephone, and returned to the office. As

The matron of a well known Masonic Home mentions one inmate, seventy years of age, who has been in the infirmary for three years, a great sufferer from indigestion, and has been taking Ripans Tablets about a year and a half and finds them so beneficial that he is never without them. He is willing that his name should be used in a testimonial, as it might be of use in persuading some other person to try them. A second old gentleman, in the same institution, eighty-four years of age, has had liver trouble for many years and finds that 'RIP-PAN'S' help him very much. They also have two nurses there, one thirty years of age, the other forty-two; both suffer from indigestion, causing headache, depression of spirits and nervousness. They take the Tablets and find them so useful that they always have a package in their pockets. The matron also states, that she is forty-five years of age and at times suffers with indigestion, causing pain and paroxysms of belching, and finds that the Tablets are very good indeed and is perfectly willing to have her name used in a testimonial.

McKINLEY'S LETTER OF ACCEPTANCE

*Democracy
Has Not
Heretofore
Been Afraid
of
The Silly Cries
of
Imperialism,
Expansion
and
Militarism.*

No more powerful political document could be written than this letter of acceptance. It goes at once to the pith of the matter. President McKinley does not waste time in discussing abstract theories, nor in gabbling over shop-worn dogmas. He deals with facts, not with possibilities. He wastes

Silver Parties United.
As in 1896, the three silver parties are united under the same leader, who, immediately after the election of that year, in an address to the bimetallicists, said:
"The friends of bimetallicism have not been conquered; they have simply been over-
come. They believe that the gold stand-
ard is a monopoly of the money market."

President McKinley has been true to the traditions and instincts of the American people. He has continued the policy which Jefferson inaugurated, which Monroe continued, which Seward advanced, which Grant promoted, which Harrison championed, and which

It comes with a poor grace from modern so-called Democrats to oppose expansion—even island expansion—when the policy of the party from the days of Jefferson to the days of Buchanan.

In 1846 President Polk offered to purchase Cuba from Spain for the sum of \$100,000,000, though he had no authority from Congress to make the proposal and he certainly could not have obtained the money without such authority. The offer was accepted. But the offer was refused.

Again in 1854, under the administration of President Pierce, our then ministers in England, France and Spain, who were all Democrats, urged that the United States buy Cuba from Spain. Mason and Pierre Soule, both at Oakland

which cannot be done. We assume that my "title to a people" Mr. Bryan makes sovereignty over a people. That is, he makes the right to govern the slaves, but it is the right to govern according to our constitution. That is the right to govern according to our constitution. Our fathers secured the sovereignty of this country by force. And while they did not, except in a few cases, use force against the natives, the harshness of the aboriginals as if they were cattle, they subjugated them and took their lands. They were not going on all over the world since the dawn of history. The Israelites took their title to the land of Canaan by the use of intimidation. They were not a free nor sex was spared. As Mr. Bryan frequently displays familiarity with the Bible, he should know that the campaign the campaign which resulted in the conquest of the promised land and the establishment of the kingdom was directed by the God of Israel.

"Elect me to the Presidency. The Senate is safely Republican, and it would be impossible for me to do any harm to the country during the next four years." Does the country want a chief executive who is compelled to make such a plea in his own behalf?

A political cartoon by N.Y. Tribune. It depicts a man with a large, somewhat grotesque face, wearing a suit and a bow tie. On his forehead is a small sign that reads "16 to 1". On his vest, the name "BRYAN" is written. He is holding up a mask with both hands. The mask has a smiling expression and the word "IMPERIALISM" written across its forehead. Above the mask, a banner or ribbon is draped, with the word "TRUTH" written on it. The background is simple, with some vertical lines suggesting a wall or a backdrop. The artist's signature "N.Y. TRIBUNE" is visible in the bottom left corner.

The words of contempt heard to-morrow. On demurrer they threw out the allegations concerning the numerous and vile crimes committed by the defendants, and the court, on various rulings they limited the scope of the contesters' evidence to rebuttal testimony of the center, although it is that rebuttal testimony is not necessarily false and not necessarily true. The court did not adjudge that there were any ballots; they did not adjudge that "Joe in Louisville" was illegality on illegally prevented from being cast; they did not adjudge that at any point however infamous in favor of the contestants, but they shrunk from the eternal disgrace which the assertion of false findings would have fixed upon the judges. Beckham stopped from asserting the facts, and undertakes to give for that "indication."

Mr. Beckham elected to stand upon the legal status created by the record in the case, and the court had opportunity to assert and establish an honest tie in fact; a tie based on the votes of the people of Kentucky, declined; but elected to assert the technical tie, founded wholly upon an assumption of the facts, and the result of which alleged adjudication the evidence was the legislative journals. And when Gov. Taylor averred that those journals were not only false but also fraudulent, the court, as the result of a fraudulent conspiracy, Beckham declined to meet that issue and declined to defend the character, content and action of the Legislature as a body of men, elected and on legal prerogative that they had proved their own contents and could not be attacked in the courts.

There is an interesting subtheme of the hue and cry from Democratic sources about "militarism." The phenomenon has been coincidental with Bryan's long silence about China, and final confirmation of his "anti-militarism" was doing the right thing. "Militarism" is right in China, as Mr. Bryan admits, why is it wrong in the Philippines? Troops in China may, but troops in the Philippines have been committed, but can never return to the people that have been already massacred. In the Philippines the use of American troops has prevented use of such horrors as in Manila, including even Mr. Bryan. Manila prevented from becoming a charnel house only through the vigilance of American troops who were on guard duty at night and Aguinaldo had set for the general massacre of all Americans and Europeans in that city. How can the old adage that "an ounce of prevention is worth one pound of cure?"

✻

Gov. Roosevelt is to make several speeches in Kentucky. He will give the opening address at the State an exhibition of straightforward and manly political fighting.
